## Read the article **Why Software is So Bad**

Think about whether you agree with Charles Mann or disagree. Write a 800-1000 word response to the article. Either agree with Mann and support your position with argument or disagree with Mann and support your position with argument.

There should be correct grammar, no spelling errors and no run on sentences. Before you submit your typed essay, be sure to read it out loud to yourself or someone else. It will be helpful to make an outline before you write your essay!

Put your word count in upper right

 <b>RUBRIC</b>
